

Style. Strength. Simplicity.

Lightweight and Durable A² Composite Bathware

A True American Advantage

What is **A²** Composite?

A² is a true American Advantage. Lightweight and durable A² Composite is an American made, engineered compound of resin, glass and special fillers formed into sheets. These sheets are placed under extreme pressure and heat to liquefy the compound, allowing it to flow and take the shape of almost any form imaginable.

The results are the shower and tub/shower models you see here. Simple, stylish and a snap to install.

Easy Installation

- Sectional, lightweight pieces can be installed by one person

Designer Styling

- Versatile design blends with any decor
- New minimalist design has modern touch

Engineered to Last

- Pre-leveled base and strong structural ribs

Water Management Features

A² shower bases feature a patented system of design elements that ensure water is directed away from walls and toward the drain.

Extended Flange

PATENTED

PATENTED

Weep channels in all four corners provide an enhanced path for water migration

PATENTED

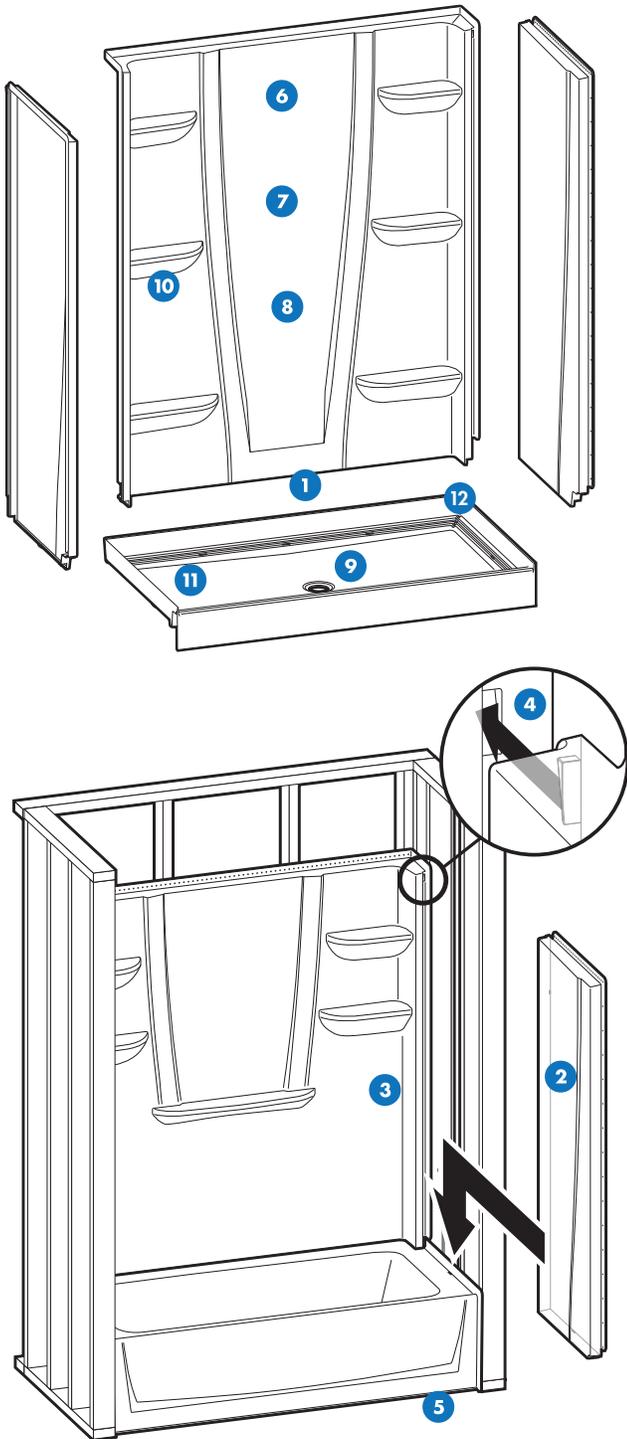

Step design offers guides for application of various wall finish materials.

The raised front profile provides greater direction of water toward the drain

Innovation is in the **A²** Details

The A² 4-piece sectional collection is designed for quick and easy installation, with sections that interlock for a seamless fit without the need for special brackets, clips or caulking. It's the perfect fit for tight spaces, like bathroom remodels. It's made with a durable composite material that's strong, but sleek enough to fit into any modern design. Innovative? We think so. And we think our customers will feel the same.

Product Features

Installation Features

- 1 4-piece sectional models
- 2 Lightweight pieces
- 3 100% caulk free
- 4 Simple tongue and groove connections
- 5 Pre-leveled base
- Installs directly to stud wall
- No need for additional backing
- No bedding material required

Aesthetic Features

- 6 Durable, high gloss finish
- 7 Clean, smooth wall design
- 8 Bright white color
- New minimalist designs feature modern, flat-front skirts

Design Features

- 9 Left, right and center drain configurations
- 10 Multiple toiletry shelves for extra storage
- 11 Slip-resistant, textured bottom
- 12 Patented water management system
- Available with backing for future grab bar placement
- Bathtubs and no-slot pans can be used for tile-up wall applications.
- Newest models feature single-piece AFR skirt design
- Compatible with a variety of doors from the American Bath Group portfolio
- 15 year limited residential warranty

A² New Minimalist Tubs and Tub-Showers

Simple shapes and clean lines create a casually sophisticated feel that works beautifully with any décor. A minimalist bathing well gives these models a modern touch, and a clean one-piece flat front skirt (in standard and above-floor rough) offers improved structure and rigidity.
