ESCAPE TO AN ESTATE OF BLISSFUL RELAXATION

As elegant as the name implies, Estate collection bathtubs offer a look of timeless refinement, while creating a feeling that's equally inspiring.

From the design of the bathing wells to a full-body massage system that starts with the neck and shoulders, every detail was considered to ensure your total relaxation. Once you ease in, you'll never want to get out.

COMFORT BY DESIGN

Whether it's a spacious corner tub built for two, or a one-person oval tub, every model from the Estate collection is engineered to inspire relaxation from the moment you step inside.

Roomy and comfortable

Deep bathing wells offer ergonomic lumbar support with contoured seating. Whirlpool jets are recessed within the tub, adding to your comfort as you lean back.

Support for your arms

Available on most Estate models, sculpted armrests provide comfortable support exactly where you need it.

A handle on accessibility

Select models include grab bars to allow you to enter and exit the tub with ease.

POWER TO SOOTHE

Full-body therapy or a targeted massage. Invigorating whirlpool action, effervescent bubbles or both. Whatever soothing powers you need, there's an Estate bathtub with the innovative technology to deliver.

Whirlpool bath

Up to nine strategically located jets concentrate water movement on key muscle groups, including the back, feet and hips.

For even more focused therapy, a neck-and-shoulder system targets tension points with a powerful circular massage. The intensity and direction of all jets can be adjusted to deliver the utmost in relaxation.

Combination Whirlpool/Airbath

Multi-sensory experience combines whirlpool jets with aerated bubbles all in one, so you can customize your bath to your liking. Depending on the intensity you select, the experience can be invigorating, calming or both.

Soaking tubs

Two models, San Simeon and Universal Oval, can be ordered as soaking tubs only, designed for simple bathing and relaxing.

Get the most from your escape

For all combination baths, an in-line heater is included to keep bath water as warm as you want, for as long as you want. This heater is an optional feature for whirlpool models.

CRAFTSMANSHIP BEYOND COMPARE

Every hydrotherapy bathtub from the Estate Collection is crafted in America using a high-quality Lucite® cast acrylic. Not only is this material specially formulated for exceptional durability and luster, but it also gives you peace of mind that your bathtub will stand up to the rigors of shipping, installation and usage over time.

ELEGANCE FOR EVERY BATH

The Estate Collection makes it easy to create the perfect escape with three different configurations, in sizes ranging from 59" – 72". One- and two-person models are available.

Drop-in

This versatile style includes a self-rimming edge that can be seen above the mounting surface. Tubs can be installed in a raised platform or sunk below floor level.

Recessed/Alcove

With a single finished apron, an alcove-format bathtub is intended for installation in a recessed area with walls on three sides.

Corner

Ideal for two-person bathing, a corner-format bathtub has a triangular or crescent-shaped design that fits into the nook of a room.

COLORS THAT INSPIRE RELAXATION

Colors like cashmere and biscuit add to the overall sophistication of the design.

ENJOY RELAXATION AND PEACE OF MIND

We finely tune details inside and out, making sure every curved edge and water line is perfectly clean, so you can enjoy many years of relaxation and beauty:

Advanced safety system automatically eliminates suction pressure if the jet inlet becomes blocked.

Run-dry safe pump protects against motor and seal damage in case an empty unit is accidentally powered on.

Expertise you can feel good about

Aquatic gives you the advantage of responsive customer service and localized technical support. We'll work with you and your designer to ensure we build the right product, in the right configuration, for you to create the bath of your dreams.

INSPIRATION

With every detail, every design, every feature, Aquatic builds showers and baths with that mantra in mind. Spanning hydrotherapy, everyday bathware and accessible products, our customers will feel inspired from the moment they set eyes on the right shower or bath to the moment they step into it and for years to come. That's our mission. And our promise. At Aquatic, it's what inspires us to bring nothing but the best to the industry and to homes nationwide.
